UNDERSTANDING THE PRODUCT

START USING THE WIRELESS EARBUDS

1) Charging the charging dock

- a) Connect USB cable to the charging dock.
- b) Red light will flash while charging.
- c) Once fully charged, red light will stay lit.

2) Charging the wireless earbuds

These earbuds have an internal rechargeable battery. The battery must be fully charged prior to use. Earbuds cannot be used while charging.

- a) Place earbuds into charging dock.
- b) White lights around earbuds turns on while charging. When lights turns off, charging is complete.
- c) Earbuds will switch on automatically when removed from charging dock.

3) Pairing both wireless earbuds (switched off)

Earbuds will connect to each other automatically. The left earbud is the default master.

- Step 1: Activate Bluetooth function on your mobile device to begin pairing with earbuds.
- Step 2: Remove earbuds from charging dock and wait for “left/right channel” voice prompt.
- Step 3: The master earbud will flash blue and white lights alternately, it is ready to pair.
- Step 4: Connect to the earbuds by selecting ‘Valore BTi38’ under the device list.
- Step 4: Once connected, there will be a pairing voice prompt.

If the pairing is not successful, please turn off wireless earbuds first, and then re-pair again. After pairing is successful, paired devices will remember each other. Unless pairing information is deleted because of new pairing, no need to pair when using the next time.

If you want to pair the wireless earbuds with other devices, please turn off Bluetooth function of existing source device, and pair the wireless earbuds with the new device according to steps 1-4 mentioned above.

4) Wireless earbuds controls
