UNDERSTANDING THE PRODUCT

START USING THE WIRELESS EARBUDS

1) Charging

2) Pairing both wireless earbuds (switched off)

Earbuds will connect to each other automatically. The left earbud is the default master.

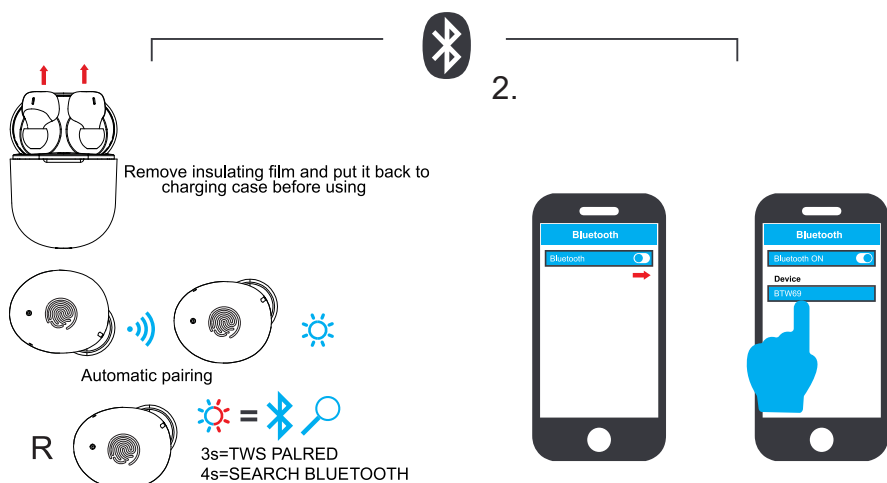

- Step 1: Activate Bluetooth function on your mobile device to begin pairing with earbuds.
- Step 2: Remove earbuds from charging dock and wait for “left/right channel” voice prompt.
- Step 3: Connect to the earbuds by selecting ‘Valore BTi39 under the device list.
- Step 4: Once connected, there will be a pairing voice prompt.

Power on : The earbuds will be turned on automatically when taken out from the charging case. (When the charging case is out of battery, you can touch the MFB button for 3 seconds to turn on both earbuds.)

Power off : The earbuds will be turned off automatically when put back in the charging case. (Touch MFB button of both earbuds for 3 seconds to turn off the earbuds.)

If the pairing is not successful, please turn off the wireless earbuds first, and then re-pair again. After pairing is successful, paired devices will remember each other. Unless pairing information is deleted because of new pairing, no need to pair when using the next time.

If you want to pair the wireless earbuds with other devices, please turn off the Bluetooth function of the existing source device, and pair the wireless earbuds with the new device according to steps 1-4 mentioned above.

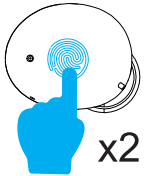

START USING THE WIRELESS EARBUDS
