- Rubber cover for earbuds x 2 pairs

UNDERSTANDING THE PRODUCT

Touch operation area

Microphone, LED indicator port

START USING THE WIRELESS EARBUDS

1) Charging

* When battery is low, earbuds will emit a low battery tone while the red indicator flashes quickly.

a) Put the earbuds into the charging case. When charging the indicator is red. When fully charged, it will be off. The green light of the charging case will be on when charging, off when fully charged.

b) Plug micro USB cable to the charging case to charge. When charging, the white indicator on top will flash once every 2 seconds. Indicator will stay light up when fully charged. Charging case can also be charged using a wireless charging pad.

2) Pairing both wireless earbuds (switched off)

Earbuds will connect to each other automatically. Otherwise, click the touch surface for 3 seconds to switch on manually. The master earbud's indicator will flicker red and blue.

Step 1: Activate Bluetooth function on your mobile device to begin pairing with earbuds.

Step 2: Remove earbuds from charging dock and wait for "left/right channel" voice prompt.

Step 3: Connect to the earbuds by selecting 'Valore BTi41' under the device list.

Step 4: Once connected, there will be a pairing voice prompt.

Power on: Remove earbuds from charging case, it will turn on automatically. Otherwise, click the touch surface for 3 seconds to switch on manually.

Power off: Put earbuds back into charging case to power off automatically. Otherwise, click the touch surface for 5 seconds to switch off manually.

If the pairing is not successful, please turn off wireless earbuds first, and then re-pair again. After pairing is successful, paired devices will remember each other. Unless pairing information is deleted because of new pairing, no need to pair when using the next time.

If you want to pair the wireless earbuds with other devices, please turn off Bluetooth function of existing source device, and pair the wireless earbuds with the new device according to steps 1-4 mentioned above.

3) Controls (Making phone calls)

- a) Play/Pause: In standby state, click the left or right touch surface to play. Click again to pause.
- b) Next/Previous track: Click left earbud touch surface for 2 seconds for previous track.
Click right earbud touch surface for 2 seconds for next track.
- c) Volume up/down: Click left earbud touch surface to volume up.
Click right earbud touch surface to volume down.
- d) Answer/Hang up calls: Click the left or right earbuds touch surface to answer/ hang up calls.
- e) Reject call: Click the left or right earbuds touch surface for 2 seconds to reject calls.

4) Start voice assistant

In pairing mode, click the left earbuds touch key to start voice assistant

5) Reset

1. Remove all paired memory from mobile devices.
2. Take out both earbuds from charging case, press and hold the “touch operation area” on both earbuds for 5 seconds to switch off both earbuds manually.
3. Once both earbuds are switched off, press and hold the “touch operation area” for 10 seconds. The indicator lights will both stay at “Blue” for 1 second then auto switch off. The manual pairing has completed.
4. Put back both earbuds into charging case then close the charging case to allow earbuds enter the charging mode.
5. Take out both earbuds from charging case, it will pair “L” Channel +and “R” Channel automatically.
