- ① Charging metal contact
- ② Power LED indicator
- ③ Charging port
- ④ Left earbud
- ⑤ Right earbud
- ⑥ Microphone
- ⑦ LED indicator
- ⑧ Touch button

START USING THE WIRELESS EARBUDS

1) Charging

a) Charge the earbuds

Put the earbuds in the charging case, orange LED light is on when charging.

Orange LED light off after fully charged. The earbuds and charging case enters sleep mode.

b) Charge the charging case

Charge the charging case with USB-C charging cable. The power LED indicator will show the current power status.

2) Pairing both wireless earbuds (switched off)

Earbuds will connect to each other automatically. One earbud green LED will flash every 5 secs, the other earbud green and orange LED flickers alternately.

Step 1: Activate Bluetooth function on your mobile device to begin pairing with earbuds.

Step 2: Remove earbuds from charging box and wait for earbuds to pair with each other.

Step 3: Connect to the earbuds by selecting 'Valore BTi43' under the device list.

Step 4: Connection successful

If the pairing is not successful, please turn off wireless earbuds first, and then re-pair again. For subsequent connection, when earbuds are removed from charging case, they will connect to device automatically. If you want to pair the wireless earbuds with other devices, please turn off Bluetooth function of existing source device, and pair the wireless earbuds with the new device according to steps 1-4 mentioned above.

3) Controls

a) Power on

Remove earbuds from charging case and it will turn on automatically or long press the touch button for 3 secs to turn on.

b) Power off

Put earbuds in the charging case or long press the touch button for 5 secs to turn off.

c) Volume adjustment

Vol +: Short press touch button on right earbud

Vol -: Short press touch button on left earbud
