START USING THE WIRELESS EARBUDS

1) Charging

a) Charge the earbuds

Put the earbuds in the charging case to charge.

b) Charge the charging case

Charge the charging case with USB-C charging cable provided.

2) Power on/off

Open the charging case and take out the earbuds, it will automatically turn on or long press touch area for 3 seconds to power on.

Put the earbuds into the charging case, it will power off automatically or long press touch area for 4 seconds to power off.

3) Pairing both wireless earbuds (switched off)

Earbuds will connect to each other automatically. The earbuds LED will be flashing blue.

Step 1: Activate Bluetooth function on your mobile device to begin pairing with earbuds.

Step 2: Remove earbuds from charging case and wait for earbuds to pair with each other.

Step 3: Connect to the earbuds by selecting 'Valore BTi47" under the device list.

Step 4: Connection successful

If the pairing is not successful, please turn off wireless earbuds first, and then re-pair again. For subsequent connection, when earbuds are removed from charging case, they will connect to device automatically. If you want to pair the wireless earbuds with other devices, please turn off Bluetooth function of existing source device, and pair the wireless earbuds with the new device according to steps 1-4 mentioned above.
