#### 6) 'Reset' button function

Press the 'Reset' button any time to restore the alarm clock to its original state and re-set the clock.

## UNIQUE FEATURES

### 1) Sound control (Power saving mode)

The LED display will go off automatically after 5 seconds. When a close by sound of more than 60 Db is produced or when being lightly tapped, the LED display will be switch on. This feature will assist in power saving, thus prolonging battery life.

### 2) Luminance control (4 level brightness)

Adjust the brightness of the LED display according to your preference.

4 levels of brightness to adjust to:

**L3 > L2 > L1 > L0**

Note: This clock would go half-dim from 18:00 hrs - 07:00 hrs.
