- Power input: DC5V/1A
- Power output: 3W x 1

Package Contents:

- Wireless speaker with RGB light
- Charging cable

UNDERSTANDING THE PRODUCT

Compatibility

This product is compatible with Bluetooth enabled mobile phones and devices.

START USING THE WIRELESS SPEAKER

How To Charge

1. Connect speaker with PC/Laptop/Mac or any 5V USB adapter (not included) by the USB cable included.
2. Red LED turns ON during charging, turns OFF after fully charged.
3. Unplug the USB cable after fully charged.
4. Light twinkle twice when it is low in power (<21%) and comes with two warning sounds.

Turn ON/OFF

Hold the power button for approx. 2 seconds to turn on, you should hear a starting chime. Hold it again for approx. 2 seconds to turn off.

Pairing The Speaker To Device

1. Turn on the speaker and you should be hearing a chimed sound.
2. Activate the Bluetooth function on your mobile phone or any Bluetooth devices and search the name "BTS34" then connect the speaker with the device via Bluetooth pairing.
3. You should hear the chimed sound again after the speaker is paired with your devices.

Note:

Hold the power button for approx. 2 seconds to turn on, you should hear a starting chime. Hold it again for approx. 2 seconds to turn off.

Volume +/-

1. Control the volume via the source Bluetooth device.
2. There is prompt music when the volume is at max or min volume.

TWS (TRUE WIRELESS STEREO) FUNCTION

Pair one device with 2 speakers together

1. Make sure you have 2 BTS34 speakers and have both of them turned on together, then quickly double click “Power” button on either one. Both speakers will activate its pairing mode to pair with each other.
2. Wait for 5-10 seconds until you hear a “beep” sound from the speakers in sequence, then the speaker lights will be turned on (the host-speaker comes in constant blue light, and sub-speaker in constant red light) which means both speakers are paired together successfully.
3. Then activate the Bluetooth function on your device and then search and pair the name “BTS34.” You can enjoy the music with True Wireless Stereo sound from two speakers simultaneously.

Note:

1. You can only enjoy the TWS function when you have 2 BTS34 speakers.
2. If you want to disconnect the existing TWS connection, double click “Power” button on one of the speaker, the sub-speaker will be disconnected and the host speaker will remain activated.
3. If you want to establish TWS connection with the 2nd speaker while your device is already connected with one speaker, disconnected your current speaker from your existing paired bluetooth device, then follow steps 1-3 above.

AMBIENT LIGHT INTRODUCTION

Mode: Beats to music / Breathing / Single color

Colour: White, red, green, blue, lemon, sky-blue, purple

Brightness: Off / 20% / 50% /100%
